Dear Madam,

29 Wraysbury Park Drive, Emsworth, PO10 7UU

Two storey side extension, single storey side and rear extension, revised driveway with new dropped kerb onto highway, extension of existing fenceline to enclose rear garden and revised elevational treatment to north and east elevations of existing garage.

Thank you for consultation on the above planning application.

The applicant is seeking to construct a new dropped kerb access onto Wraysbury Park Drive. While it is noted that the dropped kerb will not be located at least 10m away from the nearest junction, the sightlines available from the access and the relatively low level of traffic flow into the cul-de-sac means that the access is unlikely to result in a highway safety issue. Furthermore, the access remains in-keeping with those in the area.

The Highway Authority therefore recommend no objection, subject to the applicant securing a S184 licence to implement the dropped kerb.

Yours sincerely,

Chris Hirst
