

This architectural floor plan depicts a two-story building layout. The plan is characterized by a central grid system, with a dashed line indicating a horizontal division, likely representing a floor level change or a structural break. The building's footprint is rectangular, with a central corridor or service area running vertically. On the left side, there are two large rectangular rooms, each containing a staircase. The right side features a large rectangular room at the top and two smaller rectangular rooms below it, also containing staircases. The plan includes various architectural details such as walls, doors, windows, and structural columns. A north arrow is located in the upper right corner, pointing towards the top right of the page. The overall layout suggests a functional building with multiple levels and a central circulation core.

Scale @ A3 unless otherwise stated

1:500		50
1:200		20
1:100		10
