Eamonn Byrne Landscape Architects (EBLA) is a consultancy providing services in landscape architecture, urban design and landscape planning. We are a registered practice with the Landscape Institute.

Our approach is collaborative, responsive and creative. Through our approach and quality service we aim to create valuable places for our clients.

Landscape Architecture

We undertake the design, documentation and implementation of public and private external spaces across a wide range of project types and scales.

Urban Design

Through our urban design services we aim to integrate projects into their urban context and create valuable places for people.

Landscape Planning

Our landscape planning principles and practices consider the integration of topography, infrastructure and natural systems to achieve the optimum balance between the built and natural environment.
