29th Jan. 2021.

Dear Miss Donophy, REF: APP/21/00018

In response to the above Planning Application, I should like to make the following comments.

The existing Boundaries (The total proposed boundary wall area) at present consist of established and mature hedgerows (approx height (5FT) and Tree (approx height 15FT).

In order for this proposal to be carried out it would be necessary to remove all existing boundary hedgerows and tree, thereby resulting in the loss of natural habitats that these provide.

In addition, the Design and Appearance of the proposed Boundary Wall, would not be sympathetic to the character of the Avenue.

Yours Faithfully,

A handwritten signature in cursive script, appearing to read "A. Cole".
