Dear Sir or madam

Regarding development at Rosebud Cottage. I think it is being over developed, lorries come and go with lights flashing and they leave on when in their drive which my house is opposite which scares my dogs, Parking vans and cars on pavement when it is a cycle and pedestrian path we have 3 schools in the road and a nursing home They have knocked 3 wooden boulders out and damaged path way. This is a very busy road and this should not be tested. They are altering which was a lovely cottage I believe nearly 100 years old and what also gives them the right to reverse into road I have seen 2 near misses with children

P.T.O

on their bikes when it is a cyclepath
I am sorry about my rant but enough is
enough

Yours Sincerely
J Burlett

Also Hampshire could have already made
good damaged path and wooden boulders area
which they have damaged again
