Mrs T Pickup

Planning Service Department

Havant Borough Council, Public Service Plaza,

Civic Centre Road, Havant, PO9 2AX

Ref APP/21/00639

Dear Mrs Pickup,

As the owners of 2 Margaret Close, Waterlooville, we strongly object to the proposed development at 65 Andrew Crescent. This would bring an unwelcome dwelling much closer to the property we own and create a feeling of uncomfortable proximity.

There was already considerable friction between ourselves and residents opposite over access to driveways and parking on the road. This proposal would put a new dwelling on the location of the former garage and would lead to an increase in such tension.

More generally, the Berg estate was a well-planned and desirable area of low density dwellings. The proposal to chop off part of the back garden of 65 Andrew Crescent and convert it into a dwelling that would be totally out of character with the rest of the estate is a thoroughly unacceptable proposal.

It is also worth considering that suburban gardens are increasingly important to Britain's severely threatened wildlife. The gravelling over of gardens is bad enough without proposals to turn small gardens into building plots.

It would be greatly appreciated if this reprehensible quick-money-making project be stopped in its tracks.

Yours sincerely,

S H and C A Wood
