Dear Sir/Madam

Re: Proposal Planning Permission for extension to
12 Tavistock Gardens Warblington Havant PO9 2TL

I object to the proposed planning application being passed for the following reasons:-

The area Tavistock Gardens is an open area. We all have parking on our property in front of our garage, but if that area is built on this, then this will inevitably mean that more cars will be parked in the road in front of other peoples' property.

Where do visitors park? The road is narrow and you cannot park on both sides of the road, plus it is a cul-de-sac. Emergency service vehicles, waste management vehicles, contractors and delivery vans all have to park in the road and turn at the cul-de-sac end, near 12 Tavistock Gardens. We are in total lockdown at the present time so the road is not busy, but at other times it has been and will be again.

The proposed extension is not in keeping with the properties in the Tavistock Gardens area. However, as these properties are not listed, providing the materials used closely match the original building and it is safely built, then the change will be acceptable.

I would happily agree to the planning application if the owners of number 12 (Tavistock Gardens) incorporated replacement off-road parking into their planning application, constructed as per council specifications/ regulations, (e.g. by using the necessary space from their front garden) and agreed to use it on a regular basis, thereby helping to alleviate any further parking congestion on the road itself.

Yours faithfully
