

- NOTES
- The contents of this drawing are copyright.
 - Do not scale. Figure dimensions only to be used.
 - Contractors must verify all dimensions and report any discrepancies before putting work in hand or making any shop drawings.
 - All flat roofs to be fitted with a man safe system to satisfy CDM 2015 regulations unless written confirmation from Principle Designer/ Principle Contractor is provided to show alternative compliance has been sought and approved.
 - Please note a domestic sprinkler system may be required - check with your building control inspector.
 - Fixed shut fire safety glass windows may be required where windows are in close proximity to boundaries (subject to building regulations).
 - Stair design to be independently checked by stair fabricator for regs. compliance and sizing, prior to construction/ ordering. Dimensions to be checked before fabrication.
 - Maclean waterproofing specialists (or similar company with relevant PI insurance) to be instructed and detail all basement waterproofing designs. - ARC carry no responsibility for basement designs in terms of waterproofing or structure in any way.
 - *AS BUILT* drawings will only be issued upon request from the client/ contractor. All information within as built drawings is to be confirmed and provided by the client/ contractor. ARC Architecture do not perform regular site inspections to guarantee as built information so contractor or client must sign a letter from ARC to confirm compliance with our plans on site.
 - Any discrepancies between specification notes and details must be clarified for design intention with ARC before continuing with construction.
 - At Building Regulation stage our instruction is to gain a certificate of building regulations compliance from the chosen inspector (LA or Private).
 - To ensure compliance with EWS1 fire safety forms an independent and an appropriately qualified and insured fire consultant / engineer should be appointed by the client to ensure the finished project can be mortgaged.
 - A design and risk assessment should form part of our drawing package. If you have not received this from us by post, email or collection please contact us for a copy before moving forward with the project.
 - At planning stage planning drawings are to only be used for planning purposes.
 - Mechanical ventilation may be required to basement car parks and apartment lobbies.
 - All cladding & building attachments to be A1 fire rated.
