Dear Sir/Madam,

Your Reference: APP/21/00933

Proposed extension at 19 Lugano Close Waterlooville PO76AT

Thank you for your letter dated 14 October 2021 advising us of the receipt of further details.

Having viewed the additional plans we continue to object on the same basis, that the window at the rear will seriously compromise the privacy to our garden and our living accommodation as both could be viewed from that view point.

The proposal would result in the property being completely out of character and step with all the single storey properties in Lugano Close and Lucerne Avenue.

Additionally, and as a foot note, the owners of this property have spent the **past 3 or 4 years** upgrading and changing their property. The vast majority of the works carried out, if not all, have been carried out by themselves.

The consequence of this has been continuous building noise during the week but particularly at weekends. This only stopped this year.

I have no doubts that the owners, if granted planning permission, will carry out the majority of the works themselves which could possibly last two years or more, mainly at the weekends.

As we are an elderly couple well in our 70's this is very unfair, as it is on our other neighbours. One of our immediate neighbours are well in their 80's and were just as fed up with the noise and disruption as us.

Thank you for your help
