

Bidbury Mead: Proposed Information Board at Kingscroft Lane Entrance.

In 2019 the Old Bedhampton Conservation Area boundary was extended to include Bidbury Mead, an adjoining section of Bedhampton Road and Old Manor Farm in Lower Road. As part of enhancement works to the Hulbert Road entrance in 2011 two 'Welcome' interpretation boards were provided. One at this entrance, combined with a public notice board, and another at the public car park. Both provide interest for visitors and residents related to the heritage assets located here and are often seen being examined.

Kingscroft Lane provides a further entrance to the park which is popular when local schools finish for the day and children visit the park. It does not currently have a 'Welcome' board. The proposal would be in keeping in both character and content with this established provision.

Size, shape and materials:

Position of board on 2nd railing panel south of Kingscroft Lane entry
