Comments for Planning Application APP/20/00723 Land Adj 18 Hart Plain Ave

It is to be seen that fence adjoining No 25 Sylvester has been taken down and re-sited further in adjoining the correct boundary line.

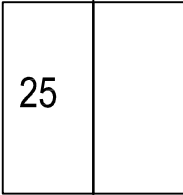

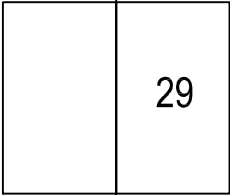

That to provide access to No 16s 'allotment' remains from Hart Plain Ave but the applicants' plans are incorrect and misleading. We attach a correctly drawn site plan indicating the loss to the authority and residents of the borough amounts to some 186SM.

Attached please find plans to scale comprising block plan and site plan together with pursuant to reinstating access through No 16.

The applicants grounds would appear to be irrelevant.
