Your ref APP/20/01228

Dear Sir/Madam

We are enclosing a copy of our previous letter and wish to update our objections for this proposal.

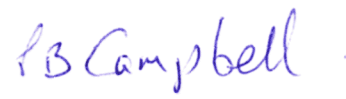

We have a summer house at the end of our north facing garden and an eating area and our privacy will be infringed upon with this proposal, it will also affect the daylight in this area.

The large conservatory at the rear of our house goes from our kitchen window and measures 4.5 metres in depth and 6.5 metres in length.

This proposal will affect our daylight in our front and rear gardens, our front room and bedroom and will intrude on our privacy and outlook. We therefore object to this proposal.

Yours Faithfully

Mr AA Campbell

Mrs PB Campbell
