Subject: RE: Arb Consultations

Hi Selina

APP/20/00934 42 New Brighton Road – Arboricultural report appears to be comprehensive and if the TPP and AMS is conditioned then this should afford protection for the offsite Macrocarpa. No object from Arb.

APP/20/00601- 75 Hulbert Road – The requested TPP produced by Consultant Bernie Harverson is sufficient to afford protection for this project and should be conditioned and adhered to as part of the conditions if approved. No objection from Arb.

APP/20/00709 The Old Workshop – The supplied AMS and TPP for this project appear adequate to ensure that the tree is protected during demolition and construction. If permission is given then the AMS and TPP must form part of the conditions and strictly adhered to. No Arb objection.

Thanks
J
