## **7 Planning Considerations**

7.1 Having regard to the relevant policies of the development plan it is considered that the main issues arising from this application are:

- Whether the degree of pruning works requested would undermine the amenity value of these trees and whether this could also be harmful to their ongoing health and vitality.

7.2 My inspection related specifically to assessing the proposed works rather than generally inspecting the tree's health and condition in any great detail. I visually inspected the tree from ground level and the following report deals with the relevant issues that have been raised on site, in the application form and from my site observations.

7.3 This application to undertake work to a tree protected by a Tree Preservation Order relates to the proposed pruning of one mature Oak tree growing in the rear corner of the applicants garden. The tree appeared to have good vigour and vitality for its age and species.

The applicant wishes to reduce the tree to rebalance the crown and allow more light into the garden.

The Arboricultural Officer comments that the crown is slightly unbalanced over the garden and the intention to carry out a minor reduction is considered to be appropriate in this instance.

No objections to the application have been received.

## **8 Conclusion**

The work proposed is considered to be appropriate, proportionate and will not harm the health or amenity value of the tree, therefore permission should be granted.

---

## **9 RECOMMENDATION:**

That the Head of Neighbourhood Support be authorised to **GRANT TPO CONSENT** for application APP/20/00812

(A)

(B) for the following reasons/subject to the following conditions

- 1      The tree works for which consent is hereby granted shall not be carried out otherwise than in full accordance with all relevant content of BS 3998 (2010).  
**Reason:** In the interests of tree health and safety.
  
- 2      The tree works for which consent is hereby granted shall be carried out and completed no later than 30/10/2021.  
**Reason:** To control the timing of the works
