Framework Travel Plan by Bright Plan Doc ref PMGL/18/4482s dated 13 February

Our Ref: APP/20/00002

Reason: - To ensure provision of a satisfactory development.

- 3 A detailed Travel Plan, as set out in the Action Plan at figure 6.1 of the Framework Travel Plan by Bright Plan dated 13 February 2020, shall be implemented in full with the appointment of a Travel Plan Co-ordinator prior to the commencement of the hereby approved development. The stages of the Travel Plan and surveys shall be adhered to in accordance with figure 6.1 to the satisfaction of the Local Planning Authority. Documentary evidence of the Travel Plan and surveys shall be kept and made available for inspection by the Local Planning, to facilitate monitoring of compliance with this condition.

Reason To encourage sustainable travel patterns by staff and reducing the need for car parking spaces, in the interests of highway amenity and having due regard to policy DM14 of the Havant Borough Local Plan (Core Strategy) 2011, the adopted Parking SPD 2016 and the National Planning Policy Framework.

- 5 No additional, new resident shall occupy any of the rooms hereby permitted until:

- (a) A water efficiency calculation in accordance with the Government's National Calculation Methodology for assessing water efficiency in new dwellings has been undertaken which demonstrates that no more than 110 litres of water per person per day shall be consumed within the new development, and this calculation has been submitted to, and approved in writing by, the Local Planning Authority; and
- (b) All measures necessary to meet the approved water efficiency calculation have been installed.

Reason: There is existing evidence of high levels of nitrogen and phosphorus in the water environment with evidence of eutrophication at some European designated nature conservation sites in the Solent catchment. Further detail regarding this can be found in the appropriate assessment that was carried out regarding this planning application. To ensure that the proposal may proceed as sustainable development, there is a duty upon the local planning authority to ensure that sufficient mitigation is provided against any impacts which might arise upon the designated sites. In coming to this decision, the Council have had regard to Regulation 63 of the Conservation of Habitats and Species Regulations 2017, Policy CS11 of the Havant Borough Local Plan (Core Strategy) 2011, and Policy E14, EX1 and E12 of the Pre-Submission Havant Borough Local Plan.

- 6 At all times following occupation of the development hereby approved, all measures necessary to meet the approved water efficiency calculation shall be maintained so as to ensure that no more than 110 litres per person per day shall be consumed in the development in perpetuity.
