7TH December 2020

Dear Sir,

Reference .. Application for tree work .. TPO. 1597 to two Holm Oak`s.

I enclose my planning application forms and photos regarding the above TPO 1597 and the two trees belonging to my neighbour, Mr R Evans at 46 St Catherines Road, Hayling Island for permission to carry out work to reduce overhang over my boundary to which he has agreed.

Whilst we "enjoy" these two trees forming our boundary they are some 25 meters from Mr Evan`s house but grow right up against our boundary fence and are very long overdue for a trim back to our mutual boundary and tidy up. We have a constant battle sweeping almost every day with the falling leaves and other debris by our main entrance under the car port , and on cars parked under the tree T 1 and gutters to the car port T 2 and on the drive and lawn.

I refer you to previous permission`s granted by your department for similar work carried out to these trees in February 2014 and lately October 2018 and look forward to hearing from you.

Thanking you,

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'Alfred Fleming'.

Alfred Fleming .

Enclosed .. 4 pages of application forms and 4 photo`s
