7 Planning Considerations

7.1 Having regard to the relevant policies of the development plan it is considered that the main issues arising from this application are:

- (i) Principle of development
- (ii) Impact upon the character and appearance of the area
- (iii) Impact upon residential amenity

(i) Principle of development

- 7.2 The application site is situated within an urban area where further development is considered acceptable subject to the usual development control criteria.

(ii) Impact upon the character and appearance of the area

- 7.3 This proposal comprises the replacement of the existing timber framed entrance doors to the front and rear of the building with aluminium framed doorways. The doors proposed to be replaced are those sited centrally to the front and rear which offer access into the communal staircase and these are currently in red painted timber with glazed glass panels. The proposed doorways would have an aluminium door in MAT light grey finish and frame with clear laminate glazing.
- 7.4 The proposed alterations to the doors are not judged to have any harmful impact upon the character and appearance of the building or the surrounding area. The design and appearance of the proposal is deemed appropriate in context to the main building and is therefore considered to be acceptable, meeting the requirements of Policy CS16 of the HBLP (Core strategy). It is considered that the scheme would not result in an adverse impact on the visual amenity of the locality.

(iii) Impact upon residential amenity

- 7.5 The proposed door alterations are not judged to have any notable impact upon neighbour amenity. Consequently, it is considered that the proposal will not appear overbearing or lead to overlooking and would have limited and acceptable impact on the properties immediately adjacent to the application site and the properties opposite or to the rear, meeting the requirements of Policy CS16 of the HBLP (Core Strategy). It is noted no letters of objection were received with respect to the scheme.

8 Conclusion

- 8.1 The scale, siting and design of the proposal would have limited and acceptable impact on the neighbours and is therefore considered to be appropriate and recommended for approval.

9 RECOMMENDATION:

That the Head of Planning be authorised to **GRANT PERMISSION** for application APP/20/00914 subject to the following conditions

- 1 The development must be begun not later than three years beginning with the date of this permission.

Reason: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

200831-1101-P1 Site location and block plan
200831-1302-P1 Existing and proposed elevations
Door specification received on 14.10.2020

Reason: - To ensure provision of a satisfactory development.

- 3 The external materials used shall be as indicated on the submitted forms and hereby approved plans, or shall match, in type, colour and texture, those of the existing building so far as practicable.

Reason: In the interests of the amenities of the area and having due regard to policy CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.
