Subject: Re: APP/21/00018

Hello Selina

The submitted AIA, AMS and TPP are acceptable in terms of minimising disturbance to the adjacent TPO Oak tree. If followed correctly then the Oak should survive the process and continue to grow on as per its normal life stage.

If permission is given for this application, then a condition should be attached that states that the AMS and TPP are adhered to fully prior to and during construction.

Thanks
J
