Hi David,

With reference to a requirement for a S106 agreement on this proposed development. The traffic team would still request that provision is made for a sum no less than £5000 (plus the costs associated with advertising the proposals and any works) to be provided by the developer to be set aside to allow a TRO to be processed at any time during the period beginning from the first occupation of the development, for a period of 5 years, to ensure that any parking from the development does not interfere with the capacity, operation, or safety of the new road layout or adjoining local highway network.

Regards
