

/A Mr L Oliver

I have today received a letter from Havant Borough Council regarding the above planning application.

Having looked at some of the plans online, I am concerned that there appears to be a projected pipeline that will impact my property and garage. [REDACTED]
[REDACTED]

I have tried to ring you today but got voicemail. Can you please advise as to whether my understanding of this plan is correct and if so, how the risk of damage to my property is to be managed.

Thank you.
