

Dear Mr Eaves,

Planning Application APP/20/00658 Proposed Development site (former Electricity Board site),
Bartons Road, Havant

Thank you for your consultation. The proposed development site lies within an area where there is evidence for past human activity, which has been demonstrated through a number of archaeological investigation. However the site has been the subject of extensive development which is likely to have severely impacted any potential archaeology that might have been present, lowering the overall archaeological potential. As such, I do not wish to raise any archaeological issues.

Yours sincerely

Thom Hayes BA(Hons) MRes, ACIfA
