Our ref – 327275

Dear Lewis

Thank you for consulting Natural England on the updated Mitigation Area Creation, Management and Monitoring Strategy and a Landscape and Ecological Management Plan (WYG, June 2020).

Following a recent call from the applicant's ecologist, it is my understanding that the initial works have been completed and your retained ecologist will be attending a site visit to sign off these works. It is welcomed that these works have been completed.

Natural England has no further comments with regard to the discharge of this condition.

Please let me know if you need any more information.

Kind regards
Rachel
