

I am not sure if I have the right email address, but found your site very difficult to work through.

I wish to object to the granting of planning permission for the Tournebury wedding venue at Hayling Island requested by Mr Chris Snell.

I believe there has been activity on the site for the last 10 years without any past planning permission, my reasons being,

- 1, it is on a site of special scientific interest, reaching out to Chichester harbour.
- 2, There is a historic Roman earthwork on the site, that is being slowly eroded every day by vehicular use, both large & small.
- 3, The ancient heron nesting site has been completely eroded by constant human activity, noise & light pollution.
- 4 Concerning noise pollution from residents from Marine Walk, Simmons green & Salterns Lane.
