

Hi Ed,

Thanks for your response and for the updated drawings. These have been reviewed and are now considered acceptable.

Regarding the contribution, there are plans to provide an additional crossing point on Manor Road, which is more on the desire line for pedestrians walking to St Mary's Road (the primary route to school from this development). This also feeds into the wayfinding scheme to improve access through Hayling Park, which I know HBC are currently drawing up. As part of this development, I would request a financial contribution of £5,500 towards these measures.

Please can you liaise with your client regarding this contribution sum and let me know whether you have any queries. I will begin drafting my response in the meantime.

Kind Regards,

Chris Hirst
