Dear Sir/Madam,

Proposal: Proposed front porch.

Site: APP/20/00398: - 44 Long Copse Lane, Emsworth, PO10 7UR.

Thank you for your letter dated 21/05/2020.

Southern Water shall have no objections to the proposed front porch.

Please find attached a plan of the sewer records showing the approximate position of a public foul sewer within the site. The exact position of the public foul sewer must be determined on site by the applicant.

Please note:

- No new development or new tree planting should be carried out within 3 metres of the external edge of the public gravity sewer without consent from Southern Water.
- No soakaway, swales, ponds, watercourses or any other surface water retaining or conveying features should be located within 5 metres of a public sewer.
- All existing infrastructure should be protected during the course of construction works.

Furthermore, it is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its ownership before any further works commence on site.

For further advice, please contact Southern Water, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX (Tel: 0330 303 0119).
