Report for the 2 trees at 1A St James road

1. Silver birch tree is in decline with most of the canopy dead. Top section of the canopy has split out leaving only 2-3 branches on one side alive. Recommend felling to ground level.
2. Oak tree has an even spread canopy that appears to be in good condition however main trunk has a large lean over neighbours shed. Could potentially be at risk from high winds. Recommend felling to ground level.
3. Replacement birch to be planted at the rear of garden of 18A Victoria road
4. Replacement oak to be planted at the rear of the garden of 1A St James road
