21 July 2020

To the planning case officer,

Dear Maria Stewart,

Land at 17 King Street, Emsworth, Hampshire

Planning Application: **APP/20/00534**

Proposal reduction of whole crown by approx. 1.5m to Cherry (T1) Leaving a crown of approx. 2.5m-3m height and 2.5m spread. Clean out the crown of dead and rubbing branches

Thank you for consulting The Chichester Harbour Conservancy concerning the above planning submission. The Conservancy is a non-statutory consultee.

The landscape of Chichester Harbour was recognised as nationally important when it was designated as an Area of Outstanding Natural Beauty (AONB) in 1964, through the National Parks and Access to the Countryside Act of 1949. The Conservancy was established by the Chichester Harbour Conservancy Act of 1971. The purposes of the Conservancy are the responsibility for navigation and the conservation of nature. The Countryside and Rights of Way Act of 2000 formally established the Conservancy as the Joint Advisory Committee for the AONB, with the purpose to conserve and enhance the natural beauty of the landscape.

In its role in managing the Chichester Harbour Area of Outstanding Natural Beauty (AONB), The Conservancy has considered the submitted proposal against the Conservancy's planning guidance and principles - including The Chichester Harbour Management Plan (2019-2024), The Chichester Harbour Planning Principles (Management Plan version April 2019), The Chichester Harbour AONB Landscape Character Assessment (CBA update 2019), and The Chichester Harbour AONB Joint SPD (May 2017), adopted by both Chichester District Council and Havant Borough Council.

Under the Chichester Harbour Conservancy officer fully delegated decision process, the Local Planning Authority (LPA) is hereby advised that the Conservancy makes the following comment in relation to the above application.

Chichester Harbour Conservancy Recommendation – No objection

Suggested considerations –

- no works should be carried out during the bird nesting season (April to September) or if there is evidence of bat roosting (hibernation or maternity roosts)

The positioning of the proposal would have a localised impact on the character and appearance of the immediate surrounds. The proposal would have a minor visual impact on the AONB within this urban street setting.

Given its setting, the proposal is considered not to be unduly prominent to be detrimental to the character or the appearance of the Area of Outstanding Natural Beauty (AONB).

The proposal is unlikely to have any significant impact or effect on the AONB in terms of landscape character or in relation to wildlife conservation and protection.

Chichester Harbour Conservancy

The submitted tree location plan seems incorrect, as No.17 King Street lies north of The Fishermans, not south of this road.

A copy of the Chichester Harbour Conservancy AONB Unit Planning Assessment Report is attached to this consultation response for your information and for open transparency public view.

Should you require any further clarification with regards to this recommendation please contact the CHC AONB Planning Unit.

Yours Sincerely,

D Rothery
