4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order?

☒ Yes ☐ No

Do you know the Tree Preservation Order reference number(s)

☐ Yes ☒ No

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall

☒ Yes ☐ No

If Yes, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

#### 4. What Are You Applying For?

2. Alleged damage to property - e.g. subsidence or damage to drains or drives.

☐ Yes ☒ No

Are you wishing to carry out works to tree(s) in a conservation area?

☐ Yes ☒ No

##### Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')?

☒ Yes ☐ No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

WTS606-1 Tree Survey  
WTS606-2 Location Map with Group TPO reference  
WTS606-3 Sketch Plan of Trees  
WTS606-4 Photos

#### 5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

T1 & T2 ASH TREES: (Fraxinus excelsior)

Two mature Ash trees (c.15-18m tall) are showing signs of Ash Dieback with leaf loss on the branch tips and some evidence of rot on the main stem and at branch unions. These are large trees for the location and it is recommended to fell both these large Ash trees to ground level.

T3 – T10 SYCAMORE TREES: (Acer pseudoplatanus)

This row of Sycamore trees are causing concern for the client as they are fast growing and are large for the location near to property. A 40% or 3-4m reduction or pollard is recommended.

T11 SILVER BIRCH: (Betula pendula)

This Silver Birch is growing well but is outgrowing its surroundings. A 3m crown reduction is recommended.

T12 – T14 ASH TREES: (Fraxinus excelsior)

Juvenile Ash trees (c.10-12m tall) are showing some signs of Ash Dieback with leaf loss on the branch tips. They are leaning heavily towards, and are overhanging, the neighbouring property. These are large trees for the location and it is recommended to fell these Ash trees to ground level.

#### 6. Tree Ownership

Is the applicant the owner of the tree(s)?

☒ Yes ☐ No

#### 7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

**8. Trees - Declaration**

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒
