Dear Lewis,

Site of The Royal British Legion Hall, Forest End, Waterlooville

Change of use to compound yard with 2 No. shipping containers, portacabin, replacement fencing, associated bin storage and parking for gardening / maintenance business.

I refer to your consultation in respect of the above planning application.

The approach roads suffer from on street parking and visibility of southbound cyclists is restricted by vegetation outside the application boundary. It is possible that the vegetation is under the control of the Borough Council. If the ownership of the land could be investigated that is needed to provide a 2.4m. x 25m. visibility splay. if in HBC control I would appreciate a view on the loss of vegetation. The site already has a vehicular access.

The proposed level of traffic generation can reasonably be accommodated on the local vehicular highway network without significantly increasing risk to highway users. I therefore confirm the Highway Authority have no objection.

Yours sincerely,

Ray Alborough
