WARNING

Significant hazards exist in the architectural design shown on this drawing and are identified and highlighted with reasonable clarity and care using a warning triangle system.

This drawing is to be used in conjunction with all other drawings which have been identified and retained within the construction phase M&C plan.

It is assumed that all works on this drawing will be carried out by a competent contractor working, where appropriate, to an approved method statement.

Significant hazards are defined as:

- Those that could result in a consistent contractor or other
- Personnel
- Those that are not easily managed effectively.
