18 May 2020

To the planning case officer,

Dear Lesley Wells,

10 Queen Street, Emsworth, Hampshire

Planning Application: **APP/20/00311**

(and associated LB submission **APP/20/00312**)

Proposal for replacement single storey rear extension, revised garden terrace and increase in height to south-western and north-western garden walls

Thank you for consulting The Chichester Harbour Conservancy concerning the above planning submission. The Conservancy is a non-statutory consultee.

The landscape of Chichester Harbour was recognised as nationally important when it was designated as an Area of Outstanding Natural Beauty (AONB) in 1964, through the National Parks and Access to the Countryside Act of 1949. The Conservancy was established by the Chichester Harbour Conservancy Act of 1971. The purposes of the Conservancy are the responsibility for navigation and the conservation of nature. The Countryside and Rights of Way Act of 2000 formally established the Conservancy as the Joint Advisory Committee for the AONB, with the purpose to conserve and enhance the natural beauty of the landscape.

In its role in managing the Chichester Harbour Area of Outstanding Natural Beauty (AONB), The Conservancy has considered the submitted proposal against the Conservancy's planning guidance and principles - including The Chichester Harbour Management Plan (2019-2024), The Chichester Harbour Planning Principles (Management Plan version April 2019), The Chichester Harbour AONB Landscape Character Assessment (CBA update 2019), and The Chichester Harbour AONB Joint SPD (May 2017), adopted by both Chichester District Council and Havant Borough Council.

Under the Chichester Harbour Conservancy officer fully delegated decision process, the Local Planning Authority (LPA) is hereby advised that the Conservancy makes the following comment in relation to the above application.

Chichester Harbour Conservancy Recommendation – No objection

The Conservancy recommends the following suggested considerations –

- schedule/samples of materials to be agreed prior to construction / as indicated on application forms / to match the existing on site
- any and all roof lights / skylights / ridge-lights / roof lantern should be fitted with working internal screen blinds to reduce light spillage during evenings and night-times (dark skies policies) in order to minimise and reduce the amount of light illumination emitted both to the surrounding skyline and to the vertical, skyward, aspect of the new window openings.
- the glazed fenestration should employ tinted glass panels, and these should be fitted with working internal screen blinds to reduce light spillage during evenings and night-times (dark skies policies) in order to minimise and reduce the amount of light illumination emitted both to the surrounding skyline and to the visual horizontal aspect of the new window openings.

The positioning of the proposal would have a localised impact on the character and appearance of the dwelling and the immediate surrounds. The proposal would have a visual impact on the AONB, but this is considered to be minimal.

Chichester Harbour Conservancy
The Harbour Office,
Itchenor, Chichester, West Sussex PO20 7AW
T: 01243 512301 E: info@conservancy.co.uk

Given its setting, the proposal is considered not to be unduly prominent to be detrimental to the character or the appearance of the Area of Outstanding Natural Beauty (AONB). The proposal is unlikely to have any significant impact or effect on the AONB in terms of landscape character or in relation to wildlife conservation and protection.

A copy of the Chichester Harbour Conservancy AONB Unit Planning Assessment Report is attached to this consultation response for your information and for open transparency public view.

Should you require any further clarification with regards to this recommendation please contact the CHC AONB Planning Unit.

The delay in this consultation assessment and response to the LPA has been brought about due to the current limitations in the normal operational role and working practice of the CHC resulting from the coronavirus Covid-19 restrictions imposed for a safe workplace environment.

It is noted that as of 18 May 2020 (the date of this dispatch) the LPA web site still shows this proposal as still pending a decision.

Yours Sincerely,

David Rothery
Principal Planning Officer
Chichester Harbour Conservancy AONB Unit
