

- 1 Red Brick
For detailing window heads and quoins, strip courses, window marches and cills will be picked out in a smooth red brick

- 2 Red Facing Brick
The red brick vernacular is used on traditional style houses.

- 3 Red Multit Brick
A facing red/brown stock brick will be used as a contrast for cottage and contemporary style dwellings.

- 4 Hung Tiles
Hung Tiles will be used to upper floors and projecting gables to some houses and flats. Generally, a contrasting colour to the roof tile will be used.

- 5 Render
Render will be used in some feature locations to add a further texture to the vertical surfaces

- 6 Plain Roof Tiles
Plain roof tiles will form part of the palette of roof finishes.

- 7 Slate Style Roof Tiles
Slate style tiles will form part of the palette of roof finished to more traditional style.

- 8 Dormer Windows
Simple dormers with lead lined cheeks will be used with gabled fronts

- 9 Roof Canopy's
Traditional pitch roof canopy details are a projecting feature of some of the landmark houses.

- 10 Bay Windows
Simple bay windows are used on a number houses.
