Dear ,

Pound House, 175 Havant Road, Hayling Island, PO11 0LF

Proposed crossover onto Havant Road to form new access

The introduction of an additional vehicular access in this location opposite and close to the junction of the existing unadopted road raises concerns.

Intervisibility between vehicles emerging from the proposed access and the existing unadopted road is poor and vehicles emerging from the access would be extremely restricted in terms of vehicular visibility from buses parked at the adjacent bus stop.

In line with the above, the proposal would represent an over-intensification of vehicular access points/junctions in close proximity to one another at a detrimental impact for the safety and efficiency of the public highway network in this location for all users.

Highways Development Planning raises an objection in this regard.

Yours sincerely,

Alistair McMurray
