

**EVIDENCE OF ACCESSIBILITY AND OPENNESS OF COMMERCIAL ACTIVITY AT WC / TW SINCE 1998
FROM LOCAL RESIDENTS IN THEIR OBJECTIONS TO PLANNING APPLICATION APP/18/00943.**

1) Email objection of 23-01-2019 on behalf of a large number of Salterns and Selsmore area residents -

(Text from covering email with 'position statement' attached as pdf file)

Dear Mr Wheeler

OBJECTION TO PLANNING APPLICATION APP/18/00943

Please find attached the position statement that we spoke about last week. It represents the views of a significant number of residents of the Salterns/Selsmore area. Please will you include this with your evidence for consideration. The photographs were taken this morning (22/01/19) afloat looking towards the Venue and clearly shows the Marquee as being visible from the water. The photographer has given permission for these to be used as part of the Objection.

(Text from local residents 23/01/2019 'position statement', as referenced above.)

"We do not regard the Marquee as a temporary structure. It has stood as a permanent structure in some form or other since the early 2000s. It is described in the applicant's documents as being "semi-permanent" and has never, as far as we are aware, been taken down."

(Photograph from local residents 'position statement')

2) Planning portal objection by neighbouring property owner –

"Nobody at the time could ever have envisaged the eventual use to which Tournerbury Woods would be put from 2007 onwards."

3) Planning portal objection by Marine Walk resident –

"I am writing to object to the expansion of the wedding venue in Tournerbury Woods. I have lived in Marine Walk for 13 years and have suffered many years of excessive noise"

4) Planning portal objection by local resident –

"Rejection of APP/18/00943 Retrospective Planning for 20 year old wedding business with access through Tournerbury Ring National Monument Moated Embankment and Ancient Forest."

"The past two decades of Activity within this site is clearly not complaint with land owner requirement to protect in accordance with protection conditions as Follows..."

"For decades the moated embankments has been eroded by hundreds of vehicles servicing and attending venues during the Wedding season and Shooting parties during the winter season."

5) Planning portal support by an overseas wedding guest from 10 years ago, who now visits Hayling as a tourist –

"I live in Austria and attended a wedding at Tournerbury Woods over ten years.....Thanks to the wedding, I got to know Hayling Island and have returned regularly with my family to the Island -- most recently in the summer of 2018.

I believe Havant Borough Council should support this application because (1) the weddings help attract tourists like me to Hayling Island that would not have come if there was no such event; and (2) there is ample evidence from the last ten years that show the owners care considerably for the Woods and will continue to maintain it as a place of natural beauty.
