

PROJECT: Wittering Road

Project Address: 20 Wittering Road, Hayling Island, PO11 9SP

Date: July 2020

Application Number: APP/20/00003

CONDITION 4 – GLAZING SCHEDULE – REV A

1. Windows Generally:

Location: Throughout - refer to planning drawings

Glass: Pilkington 'Suncool 70/ 40 OW + Soft Coated E-Glass'

This low reflectivity solar control glazing has a reflectance value of 10%

2. External Sliding Glazed Doors:

Location: W17, W18 and W19 to East Elevation.

Glass: Pilkington 'Suncool 70/ 40 OW + Soft Coated E-Glass'

This low reflectivity solar control glazing has a reflectance value of 10%

Suncool 70/ 40 OW + Soft Coated E-Glass

3. External Glass Balustrades

Locations of clear and etched glass as noted on planning drawings.
Acid etched glass to act as privacy screen.

Glass: 15 mm toughened glass, with heat soak testing.
The monolithic build-up of the balustrade glazing gives it a reflectance value of 8%

15 mm toughened glass balustrade
