

Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.

Town and Country Planning Act 1990

Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

1. Trees Location

Number	7
Suffix	
Property name	
Address line 1	The Hassocks
Address line 2	
Address line 3	
Town/city	Waterlooville
Postcode	PO7 8QG

If the location is unclear or there is not a full postal address, describe as clearly as possible where it is (for example, 'Land to rear of 12 to 18 High Street' or 'Woodland adjoining Elm Road')

Easting (x)	469291
Northing (y)	109316

Description

2. Applicant Details

Title	Mr
First name	Ernie
Surname	Oliver
Company name	
Address line 1	7, The Hassocks
Address line 2	
Address line 3

Email

4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

Are you seeking consent for works to tree(s) subject to a Tree Preservation Order?

☒ Yes ☐ No

Do you know the Tree Preservation Order reference number(s)

☐ Yes ☒ No

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall

☒ Yes ☐ No

If Yes, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

4. What Are You Applying For?

2. Alleged damage to property - e.g. subsidence or damage to drains or drives. ☐ Yes ☒ No

Are you wishing to carry out works to tree(s) in a conservation area? ☐ Yes ☒ No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? ☐ Yes ☒ No

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

(T1) English Oak - Remove two lowest limbs growing towards the property. Remove major deadwood. The above works will not effect the trees amenity value or its health. The above works will give the house clearance from the tree in the long term and provide more natural light into the garden.
(T2) Turkey Oak - Fell to surface level. The tree has a bacterial wet wood disease. Photos have been attached. The tree is in decline and looking sparse. I recommend replacing this tree with a native tree such as an English Oak or Field Maple.
(T3) Turkey Oak - Fell to surface level. This tree is of poor form. Twin stemmed with some minor signs of included bark. The crown is sparse in places with some major deadwood and dieback. There are some signs of the trees roots lifting and cracking the surface at the base. This tree has become way too large for its location. I feel a reduction, to make this tree more suitable for its location, would increase stress on the tree and encourage decay. I recommend to replace this tree with a native species of higher amenity value.
(T4) English Oak - Crown lift by 5m on the south aspect. Reduce lateral branches on the south aspect by 2m. Remove major deadwood. The following works will not effect the trees amenity value or health.
(T5) English Oak - Crown lift by 5m on the south aspect. Reduce lateral branches on the south aspect by 2m. Remove major deadwood. The following works will not effect the trees amenity value or health.

6. Tree Ownership

Is the applicant the owner of the tree(s)? ☒ Yes ☐ No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent. ☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

8. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒

Date (cannot be pre-application)
