Dear Madam,

384 London Road, Waterloooville, PO7 7TB

Proposed vehicle crossing and alterations to boundary wall

Thank you for reconsultation on the above planning application.

The applicant has clarified that the new vehicle crossover is located 11m to the east of the end of the temporary termination of the bus lane before the London Road/Highfield Avenue junction. Should the distance be taken from the eastern radii, this distance increases to 15m. Furthermore, the new crossover is located over 20m away from the London Road/Highfield Avenue junction.

Given the separation noted above, the location of the proposed crossover is considered acceptable. To implement the new access, the applicant will need to apply for a Section 184 licence, further details of which are available on the following link: <https://www.hants.gov.uk/transport/parking/droppedkerbs>. The Highway Authority raises no objection to the proposed application.

Yours sincerely,

Chris Hirst
