

Email excerpt received from Linden Homes, dated 15th May 2020

Good morning Vincent,

Apologies for the delayed response. I've discussed your scheme with our management team, and we are potentially open to allowing you access across our lands, subject to the headlines below:

Pre and post condition survey of our access road (costs covered by Portsmouth CC)
Access licence and monthly licence fee, including all legal fees (costs covered by Portsmouth CC)
Subject to the terms of the licence, a security deposit might be required
Costs for creation of temporary crossover and then reinstatement post completion

We don't have any figures for the above, however if the principles are agreeable to you, we can start working a proposal up.

Regards,

Stephen Clark
Technical Director Designate
