Thank you Sascha

That is helpful.

I am happy to discharge the condition on this basis.

Regards

Good Afternoon Charlotte,

I relayed your comments to the applicant concerning the odour of the development. Please see the below email containing their comments in response to the matter.

They are unclear as to how to proceed with the matter and what information they can submit to enable the condition to be discharged. I have had a phone conversation with the applicant who was under the impression that the assessment which was submitted would be sufficient but she is happy to provide us with any additional information which may be required.

Kind regards,

Sascha Haigh

Dear Mrs Haigh, thank you for your email. I tried ringing you but you weren't in. Just to clarify that the food we will be serving will be all day breakfast, lunch and roast dinners. A copy of the menu was supplied when we had initially applied for the A3 licence. The fan that is installed it's made according to the food we will be serving and the company has installed double filter instead of single one so there will be no odour. Not sure what else I need to provide but the environmental team is more than welcome to come and inspect the fan if my answer to their question does not cover them. I can always email you a copy of the menu which lists the food that will take place if that's any help at all? Please let me know if you need anything more. Thank you and Best Regards
