Comments

Dear David,

APP/20/00077 | Change of use to allow third party operators to inject bio-methane into the existing gas network. | Farlington Redoubt, Portsdown Hill Road, Havant 20.0193

Thank you for consulting me on this application.

The application is accompanied by a Preliminary Ecological Appraisal (CT Ecology, January 2020). I am content that the site is of minimal ecological interest and that the proposal is not likely to result in an ecological impact. I do not consider that ecological mitigation or enhancements are required and there is essentially no location where meaningful measures could be provided in any case.

If you have any queries please don't hesitate to contact me.

Kind regards,

Tristan
