

APP/15/01235 - Land adjacent Woodcroft Primary School, Woodcroft Lane, Waterlooville, PO8 9QD

Dear Gill,

We have reviewed the documentations related to this discharge condition and have no objections to approval of the discharge.

Both surface and foul water drainage will be disposed to main sewers and therefore there is no discharge to ground thus the risk of groundwater is negligible.

Thank you for consulting us on this.

Kind regards,
Miss Bethany Fairley
Catchment Management Officer
Portsmouth Water
