Dear Miss Donophy,

9A Oaklands Grove, Waterlooville, PO8 8PR

Retrospective application for installation of inward opening electric gates, 1.8 m high 1.2 m wide and supporting pier wall.

I refer to your consultation in respect of the above planning application.

The Highway Authority's normal requirements for the positioning of gates is a minimum of 6m. measured from the edge of carriageway of the adjacent highway. This retrospective application does not comply with this requirement. That said, the adjacent property to the west does not either and as the highway is a very minor one it would not be appropriate for the Highway Authority to object.

I therefore confirm the Highway Authority have no objection to this scheme.

Yours sincerely,

Ray Alborough
