Dear Mrs Maria Stewart,

REF: OAK TREE AT 74 SEAFRONT ESTATE.

Thank you for your recent letter. Obviously, I do agree to this horridly ugly tree being trimmed, even better, please would you grant permission for this arthritic specimen to be chopped down completely.

I am 85 yrs old & have a hip-replacement due to slipping on concrete, wet concrete, a couple of years ago so I must be very careful now, as the leaves on my constantly damp garden are a constant headache & a threat to my health.

Please allow my neighbours next door at N° 74 to take it down!

Sincerely,

P. Henderson.
