Environment Agency position

We note that conditions 6 and 17 were requested by Portsmouth Water with respect to the protection of their public water abstraction at the Bedhampton and Havant Springs.

Given the very high sensitivity of this location with respect to groundwater, we have liaised directly with Portsmouth Water in relation to risk to controlled waters.

We fully support the requirements for further investigation/remediation as outlined in the letter from Portsmouth Water's Catchment Management Team in relation to the discharge of conditions 6 and 17, dated 02 April 2020.

Please do not hesitate to contact me using the contact details shown below should you have any queries regarding the above information.

Yours faithfully,

Miss Anna Rabone
