Hi David,

Please see below correspondents following my meeting with Maria Stewart at Bartons Road.

Can you now confirm Condition 14 of APP/15/01435 will be discharged?

The development hereby permitted shall not commence unless and until a pre commencement site meeting with the Councils Arboriculturalist has taken place to assess and agree the tree protection measures and proposed works. The development shall thereafter be carried out in accordance with the methodology prescribed in the approved Arboricultural Method Statement and Tree Protection Plan unless otherwise agreed in writing by the Local Planning Authority. All trees that are to be retained within or adjacent to the site shall be enclosed with temporary protective fencing in accordance with BS:5837:2012 'Trees in relation to design, demolition and construction. Recommendations'. The fencing shall be retained throughout the period of construction and no activity prohibited by BS:5837:2012 shall take place within such protective fencing during the construction period.

Kind regards

Hi Anthony

Sorry for the delay I have checked the Applications and the Tree Protection should be in line with the ACD plans you had so if you could get the fencing team to pull the fence out as we agreed on site that would be great, I can then sign off the fencing.

Kind regards,

Maria
