For the attention of Selina Donophy

Dear Madam

Placement of a modular ramp on public highway to enable access to property - 10 Sea Front, Hayling Island, PO11 9HL.

Further to our recent discussions on this application, please find the Highway Authority's response below.

The Highway Authority have reviewed the proposals and it is noted that the proposed modular ramp will be constructed on the public highway. As such, the applicant is required to enter into a Section 115E license with the Highway Authority to allow for the erection of the modular ramp by the applicant. The future maintenance of the ramp will thereby remain with the applicant.

As the local planning authority, Havant Borough Council are required to affix the relevant engineering plans to the site to observe the required consultation period associated with the license, informing any affected persons of the proposed development.

The Highway Authority therefore raise no objection to the proposal, subject to the applicant entering into a Section 115E license to erect the modular ramp as per drawing number WH-MLLB-00-XX-DR-B-002.

Yours Faithfully,

Chris Hirst

Director of Economy, Transport and Environment
