

Ref: Change of use 119 London Road, Waterloooville.

From Butchers shop to Tanning salon

Your ref: APP/18/00719

Please find enclosed the following

- Elevation drawings
- Plan drawings
- Location plan
- Site plan

There are to be no changes to the external facades of the building. The only structural alterations are to be the cutting of a new opening in an existing internal wall which will have the required lintels installed.

The new internal walling will be of metal, fibreglass and plasterboard construction.

There are four car parks that service Waterloooville town centre.

- Wellington way – 124 spaces
- Rockville Drive – 58 spaces
- Curzon Road – 70 spaces
- Dukes Walk – 40 spaces

Two of these, Wellington Way & Curzon Road can be seen on the Location plan.

There is good street access/egress to the shop by way of London Road/Queen's Parade which is the main thoroughfare of the shopping precinct.
