

18th February 2020

To whom it may concern.

Re Station Road Tyres Alternative premises.

STATION ROAD TYRES LIMITED have been trading from 5 Station Road, Hayling Island, PO11 0EA since 2014. We understand that prior to this the premises was occupied by similar vehicle tyre and battery fitters. We are very much a local company supplying our customers many of whom return to us frequently and this is something we wish to maintain.

We are currently considering at least two alternative units on the island to move to which would still allow our customers simple access to carry on using us.

At this time we are awaiting details of the offers, terms and conditions from these units for our consideration. Until the date of the move from Station Road is confirmed, we would also consider further units as they become available as long as they fulfil the criteria of being within the West Town area of Hayling Island.

Yours Faithfully

Louis Savage
