Comments

Dear Mr Weaver,

Thank you for your consultation. Having reviewed the extra documentation that has been added to the above application on your website I do not wish to alter my original response to application APP/18/00943 that I sent to you on 28th November 2018 in which I stated:

As this is a retrospective application that will involve no significant ground disturbance, combined with the fact that the site is located within dense woodland and will not impact upon the setting of the nearby Scheduled Monument, then there are no archaeological issues that I would wish to raise in this particular instance.

Yours sincerely,

Neil J. Adam BA ACIfA
