7 Planning Considerations

7.1 Having regard to the relevant policies of the development plan it is considered that the main issues arising from this application are:

- (i) Principle of development
- (ii) Appropriateness of design and impact on the character of the area
- (iii) Effect on neighbouring properties

(i) Principle of development

7.2 The application site is located within the defined urban area, therefore development is considered acceptable in principle subject to development management criteria.

(ii) Appropriateness of design and impact on the character of the area

7.3 This proposal includes a hip to gable roof extension, addition of rear dormer and roof lights to the front elevation. The dormer would have dimensions of approximately 2 metres in height, 5.4 metres in width and 2.6 metres in depth . It would be set in from the sides of the roof and would be located to the rear of the property and hence would not be visible from the highway. The adjoining property no 52 also has a dormer to the rear. The hip to gable roof extension would reinstate some symmetry to the pair, as no 52 has also altered the roof slope previously in this manner. Many of the properties along Silverdale Drive have undergone alterations to the roof slope and front elevations and hence this proposal is not deemed to be harmful to the streetscene.

7.4 The design and appearance of the proposal is deemed appropriate in context to the main building and is therefore considered to be acceptable, meeting the requirements of Policy CS16 of the HBLP (Core strategy). It is considered that the scheme would not result in an adverse impact on the visual amenity of the locality.

(iii) Effect on neighbouring properties

7.5 Many of the properties along Silverdale Drive benefit from rear dormers, including the two neighbouring properties of no 50. Similarly both of these properties have multiple velux windows situated on the front roof slope. The alterations proposed are not considered to have any adverse impact on the amenity of the neighbouring properties.

- 7.6 Consequently, it is considered that the proposal will not appear overbearing or lead to overlooking and would have limited and acceptable impact on the properties immediately adjacent to the application site and the properties opposite or to the rear, meeting the requirements of Policy CS16 of the HBLP (Core Strategy). It is noted no letters of objection were received with respect to the scheme.

8 Conclusion

- 8.1 The scale, siting and design of the proposal would have limited and acceptable impact on the neighbours and is therefore considered to be appropriate and recommended for approval.

9 RECOMMENDATION:

That the Head of Planning be authorised to **GRANT PERMISSION** for application APP/19/01208

(A) subject to the following conditions

- 1 The development must be begun not later than three years beginning with the date of this permission.
Reason: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.
- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Block plan 1 received 6.12.2019
Location plan 1 received 06.12.2019
3681-1/1 REV A existing and proposed floor plans/elevations

Reason: - To ensure provision of a satisfactory development.
- 3 The external materials used shall be as indicated on the submitted forms and hereby approved plans, or shall match, in type, colour and texture, those of the existing building so far as practicable.
Reason: In the interests of the amenities of the area and having due regard to policy CS16 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.
